Wooden Venetian Blinds

Bring a modern, warm and stylish look and feel to your home with a choice of our natural Wooden Venetian Blinds. Wooden Venetian Blinds offer an attractive and welcoming feel to any living area. Our smooth grained timber comes in a range of natural wood shades and contemporary painted finishes allowing for a superior styling that's pleasing to the eye. We have a choice of 3 slat widths, 25 mm, 35 mm and 50 mm along with colour coordinated headrail and cords and a choice of tape colours. These blinds can be supplied with standard brackets or extended brackets to clear window handles, alarm systems etc. Plus we charge the same price for each slat size, same price for 50mm as 25mm.

Faux Wood Venetian Blinds

Faux Blinds are now a popular alternative to real Wooden Venetian Blinds. These moisture resistant blinds are made of composite man-made materials and natural wood particles. These faux wood blinds provide a competitively priced choice to natural wood blinds. Faux Wood blinds provide a good resistance to natural warping and have a high UV protection to resist discoloring and fading. These blinds are a great choice for homes with high moisture, such as bathroom and kitchens.

Shutters

Shutter Blinds or Plantation Shutters help to add a touch of luxury and elegance to a home while also providing flexibility in terms of ventilation, light, sound and privacy down to their louvered slats. Our shutters come in a range of different styles that will blend into your architecture, highlight your windows and provide the versatility to invite the light in to suit your mood or block it out completely when privacy is required.

Roller Blinds

At Kavanagh's we offer a new dimension to the traditional roller blind. Our collection includes striking fabrics in modern stylish colours, textures and transparencies. Roller Blinds make it very easy to regulate the amount of light that you want to allow into your room. We have an extensive selection of fabrics with a vast range of shapes and bars to choose from that will make it easy for you to find a match to your rooms' current décor.

Roman Blinds

Roman Blinds provide a beautiful modern look and feel to your room. Our range of Roman Blinds are available in a variety of fabrics and patterns to match any interior which will bring a warm, elegant and modern ambience to your home.

Vertical Blinds

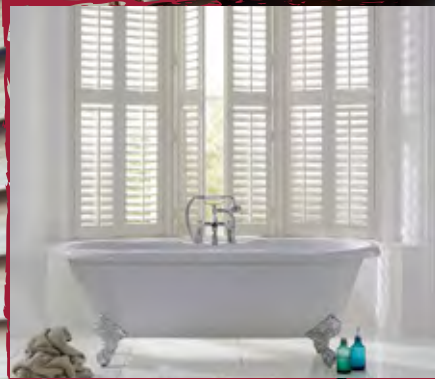

Kavanagh's offer an extensive modern range of Vertical Blinds which provide a fantastic solution to directing light away from some areas of a room by rotating the louvres to your desired angle. Vertical blinds can be used in home offices, conservatories and kitchens.

Venetian Blinds

The Kavanagh's Venetian Blinds collection is an exciting mix of new innovations, decorative options and exclusive colours and finishes. This extensive collection offers 2 slat widths, 25mm or 50mm. High quality materials and enhanced operating systems offer you comfort, light control and personal design to complete your interior.
